Online File Conversion App

Price :

Free !

This resource can be helpful for:

- learning disabilities (reading difficulties).
- visual impairment.
- hearing impairment.
- all students.

★★★★☆

Accessibility grade

- convert files and media.
- transforming an image into text.
- converting text to e-book.
- download and save videos from the internet in mp4.

Practical use

If you have difficulties in reading and understanding a text, you can transform it into an E-book;

You can also transform an image (or scan, pdf ...) into text, in order to be able to rework it, better layout it ...
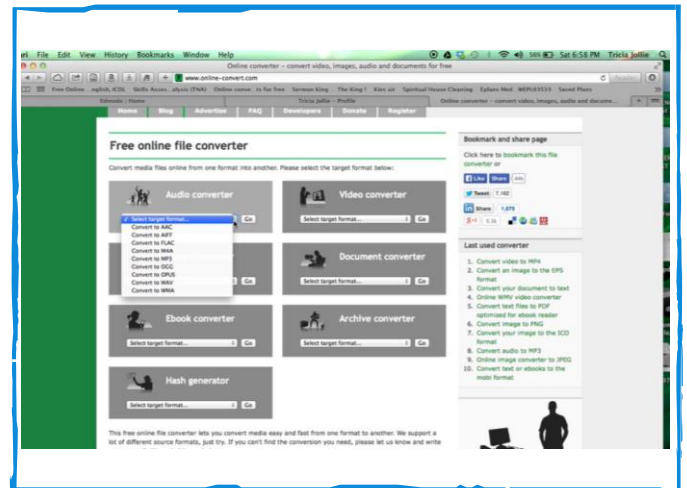

HOW TO USE?

Copy a file and transform it according to your needs (image to text, text to e-book ...)

## DIGITALL

STUDENT

Step 1.

Open the application.

Choose the format you want to obtain (for example mp3).

Step 2.

Another page will open and you will have to go and find the file you want to transform, in your documents on your computer or a link from an internet page.

Step 3.

When you have selected your file, click on "convert". The file will download and be stored in the "download" folder.
